

OEFC INTERCLUB GUEST PLAY POLICY

Oklahoma Energy FC's (OEFC) first concern is to ensure the health and safety of our players and to provide them with the best training available.

When a player signs for OEFC they do so with the knowledge that they are a part of a professional well-educated staff who are trained to manage players workloads.

It is important that young athletes train within a long term periodized plan to prevent overuse injuries which can commonly occur.

In support of that plan, we require that any registered OEFC player who would like to train or play with a team not within OEFC, both the player and the Coach of the non-OEFC registered team should seek approval from the player's OEFC coach.

Players should not play/train with another team without the consent of the player's OEFC Coach. This allows our Club to monitor player workloads and to ensure players are playing at an appropriate level for their development.

If a player would like additional training or games, they should discuss it with their OEFC coach and ask them about possible options and additional development plans. OEFC has numerous teams available within our own organization that allow players to guest train or play games with them.

OEFC appreciates your commitment and support and looks forward to developing great players and people.
