Oklahoma Energy FC encourages parents to pick up their player first and drop off their player last in any shared or carpool travel arrangement. Additionally, Oklahoma Energy FC encourages parents to seek child abuse prevention education prior to consenting to their minor travelling alone with an unrelated adult.

**Team Travel.**

For this reason, parents shall take appropriate action to protect their player and at the request of the parent, any player shall be allowed to withdraw from any activity without repercussion or penalty. Individuals are encouraged to develop a plan for severe weather regarding shelter and carpools home from canceled activities.

**Inclement Weather Policy.**

Oklahoma Energy FC shall monitor the weather in an effort to ensure the safety of its players, coaches, referees, staff or any other individual attending activities of the club during times of severe weather; however, each individual shall take responsibility for their own safety at all times. Oklahoma Energy FC reserves the right to cancel, suspend or end any club sponsored activity due to the presence or threat of

severe weather, including without limitation lightning, heavy rain, flash flood, hail, tornado, snow, sleet, freezing rain and extreme heat or cold.

### ***Games and Events***

Severe weather in the area may involve the suspension or cancellation of games or other Oklahoma Energy FC sponsored activities. All individuals should know and heed community warning systems and general rules of severe weather safety.

#### **Cancellation of Games and Events.**

The Facility Directors, Director of Coaching, or Administrator, may cancel all or a portion of any scheduled activities, including without limitation games and events, due to the threat or presence of severe weather or field conditions. Oklahoma Energy FC shall provide information regarding cancellations as early as possible and shall provide the status of the fields on the home page of the club website and/or facility website.

#### **Suspension of Games.**

The referee shall suspend play if (i) a warning of severe weather, including without limitation severe thunderstorms, flash floods, or tornados, is issued by the National Weather Service for the facility, (ii) severe weather is sighted at the field (iii) lightning is detected within ten (10) miles or less of the facility, or (iv) snow, freezing rain or sleet covers field markings or causes the field conditions to deteriorate to a point in which play is no longer safe. Upon suspension of the game, all players, parents, and spectators shall go to their vehicles as quickly and orderly as possible and follow their severe weather safety plan. After thirty (30) minutes, the referee shall determine whether the game may resume. Abandoned games will be handled according to the governing league rules.

### ***Training Sessions***

Oklahoma Energy FC shall monitor the weather in an effort to ensure the safety of its players, coaches or any other individual attending training sessions at the club during times of severe or extreme weather. Exact weather conditions, time of training session, individual player fitness, and prior exposure to weather shall be considered when contemplating the cancellation of training sessions. Players are expected to dress appropriately and bring plenty of fluids.

#### **Hot Weather Policy.**

As temperatures increase above 85°F, the risk of heat-related illness increases. For the purpose of this policy, hot weather shall be based on Wet Bulb Globe Temperatures and US Soccer Heat Guidelines found on the US Soccer website (<https://learning.ussoccer.com/articles/hip/article/heat-guidelines>). Coaches are expected to use the posted guidelines when establishing training schedules, but there is no substitute for good judgment and coaches are expected to err on the side of caution:

**STEP 2**

**FIND YOUR REGIONAL CATEGORY**

Determine which region category you are in based on the map.

**TRAINING & MATCH PLAY LIMITS**

---

**CANCELLATION OF TRAINING**  
 Depending on your region category, recommend cancellation of training or delay until cooler when WBGT for

Cat 1 >86.2°F
Cat 2 >89.9°F
Cat 3 >92.0°F

**MATCH PLAY HYDRATION BREAKS: WBGT OF 89.6°F**  
 Provide hydration breaks of 4 minutes for each 30 minutes of continuous play (i.e., minute 30 and 75 of 90 minute match)

**STEP 3 FIND YOUR ALERT LEVEL AND WORK TO REST RECOMMENDATIONS**

Based on your WBGT and Regional Category determine your Alert Level and Work to Rest Recommendations using the table below.

ALERT LEVEL	WBGT BY REGION (°F)			EVENT CONDITIONS	RECOMMENDED WORK TO REST RATIOS (ACTIONS & BREAKS)
	CAT 1	CAT 2	CAT 3		
<b>BLACK</b>	>86.2°	>89.8°	>92.0°	Extreme Conditions	No Outdoor Training, delay training until cooler, or Cancel Training.
<b>RED</b>	84.2-86.1°	87.8-89.7°	90.1-91.9°	High Risk for Heat Related Illness	Maximum of 1 hour of training with 4 by 4 minute breaks within the hour. No additional conditioning allowed.
<b>ORANGE</b>	81.1-84.1°	84.7-87.7°	87.1-90.0°	Moderate Risk for Heat Related Illness	Maximum of 2 hours of training with 4 by 4 minute breaks each hour, OR a 10 minute break every 30 minutes of training.
<b>YELLOW</b>	76.3-81.0°	79.9-84.6°	82.2-87.0°	Less than Ideal Conditions	3 Separate 4 minute breaks each hour, OR a 12 minute break every 40 minutes of training
<b>GREEN</b>	<76.1°	<79.8°	<82.1°	Good Conditions	Normal Activities. 3 Separate 3 minute breaks each hour of training, OR a 10 minute break every 40 minutes

Players may become acclimatized after approximately ten (10) to fourteen (14) days of exposure to hot weather conditions and coaches may consider such a factor when establishing training schedules for players ages U13 and older; however, during periods of hot weather, coaches are encouraged to move training session times to cooler parts of the day and request that players hydrate in the days leading up to training sessions. Officially designated Club Athletic Trainers and Health Professionals may provide guidance and support when evaluating application of policies for special circumstances.

If any player is displaying signs or symptoms of heat exhaustion, including without limitation weakness, dizziness or fainting, pale skin, nausea or headache, then the player should (i) be removed from the training session to a cooler environment, preferably an air-conditioned environment, (ii) drink cool fluids, with electrolytes if possible, (iii) be sponged with cool water (iv) change into lightweight clothing that will allow perspiration to evaporate and (v) seek the care of a physician immediately. If the player is unable to follow commands or is vomiting, then call 9-1-1 immediately.

**Cold Weather Policy.**

As temperatures drop in the cooler months of the year, the risk of frostnip, chilblain, frostbite, hypothermia, and muscle-related injuries increase. Coaches are expected to use the following guidelines when establishing training schedules, but there is no substitute for good judgment and coaches are expected to err on the side of caution:

1. If the Wind Chill Temperature is at or over 40°F at the beginning of the training session, then the training session may be routine.
2. If the Wind Chill Temperature is at or between 33°F and 39°F, without precipitation, at the beginning of the training session, then training session should be moved indoors or limited to 60 minutes.

3. If the Wind Chill Temperature is at or between 26°F and 32°F, without precipitation, at the beginning of the training session, then training session should be moved indoors or cancelled for players U10 and younger, moved indoors, limited to 30 minutes or cancelled for players ages U11 and U12, and moved indoors, limited to two thirty (30) minute sessions separated by a fifteen (15) minute warm up period indoors or cancelled for players U13 and older.

4. If the Wind Chill Temperature is at or below 25°F, without precipitation, at the beginning of the training session, then the training session should be moved indoors or cancelled.

5. If the Wind Chill Temperature is at or below 35°F, with precipitation, at the beginning of the training session, then the training session should be moved indoors or cancelled.

If any player is displaying signs of cold stress, frostbite or hypothermia, including without limitation, excessive shivering, numbness, pain, swelling or redness in fingers and toes, burning sensation on any exposed skin, pale or blue skin, mental or motor impairment, slurred speech, abnormal fatigue, decreased heart rate and slow or shallow breathing, then the player should be removed from the training session to a warmer environment, preferably indoors to a heated room and contact 9-1-1, if needed.

## **LIGHTNING POLICY**

Lightning is the most frequent weather hazard impacting outdoor sports safety. Due to the significant risks and possibility of fatal injury from lightning strikes, it is imperative Oklahoma Energy FC has a policy designed to help reduce the risk of lightning related threats through improved preparedness.

### ***Weather Observer***

In advance of any scheduled activities, in conjunction with the Facility Directors for Edmond Soccer Club and North Oklahoma Soccer Club, OEFC Staff shall review available forecasts, National Weather Service advisories, watches and warnings, as well as monitor thunderstorm and severe weather forecasts through the National Weather Service Storm Prediction Center and notify the Director of Coaching and respective Facility Referee Coordinators of the predicted weather hazards. The Facility Directors shall continue to monitor the weather leading up to, and through the duration of, any scheduled activities utilizing all available tools and resources, including without limitation a NOAA weather radio, on-site lightning detector, mobile device equipped with a lightning detection application, commercial notification subscription and the "Flash-to-Bang Rule". In the absence of the Facility Director, another individual shall be appointed as the Weather Observer.

### ***Lightning Detection***

In addition to any on-site hardware and/or software or other resource which may be utilized by the facility or Facility Directors, the following measures are recommended to assist in the detection of lightning.

**Oklahoma Energy FC Staff.**

The mobile devices of coaches and certain other members of the Oklahoma Energy FC staff shall be equipped with lightning detection and notification applications, which shall provide notification of any lightning strike within a twenty (20) mile radius of the area. Coaches and members of the Oklahoma Energy FC staff are also encouraged to use the “Flash-to-Bang Rule” and notify the appropriate Oklahoma Energy FC staff member of any lightning strikes reported or estimated to be within a ten (10) mile radius of the area.

**Players, Parents and Spectators.**

Players, parents, and spectators shall be encouraged to equip their mobile devices with the same, or similar, lightning detection and notification applications, which shall provide notification of any lightning strike within a twenty (20) mile radius of the area. Players, parents, and spectators are also encouraged to use the “Flash-to-Bang Rule” and notify the appropriate Oklahoma Energy FC staff member of any lightning strikes reported or estimated to be within a ten (10) mile radius of the area.

**Flash-to-Bang Rule.**

The “Flash-to-Bang Rule” states the observer should begin counting once a lightning flash has been sighted, then stop counting once the sound of related thunder is detected, at which point the count is divided by five (5) to determine the proximity, in miles, of the lightning strike. For example, an observer witnesses a flash of lightning, then begins counting from one (1) and stops counting at thirty (30), at which point the observer takes the number thirty (30) and divides it by five (5), which equals six (6), so the observer may now estimate the lightning strike occurred approximately six (6) miles away from the location of the observer.

***Emergency Action Plans***

Emergency Action Plans have been established by Edmond Soccer Club and North Oklahoma City Soccer Club to help assist Oklahoma Energy FC in reducing the risk of lightning related threats through improved preparedness. Every emergency involves unique circumstances and thoughtful actions based on situational assessment are expected by all individuals, as safety and health should be the priority in any emergency. Coaches, Players, Parents, and Spectators should familiarize themselves with the respective Emergency Action Plan of each facility respectively.

***Injury from Lightning***

If an individual is struck by lightning, then resuscitation efforts should begin immediately. Individuals struck by lightning do not carry an electrical charge. If necessary and possible, the injured individual should be moved to a safer location and emergency measures should be initiated. Emergency Medical Services should be activated by calling 9-1-1, if appropriate, an automatic external defibrillator (AED) may be applied and cardiopulmonary resuscitation (CPR) may be performed, in that order.

***Return to Activity***

Activities shall be resumed based on Facility procedures in the event of lightning activity in the area. Traditionally, the last lightning strike will be determined either by visual confirmation by the Weather Observer or by a detection system. A twenty (20) minute delay shall reset with each additional lightning strike within a ten (10) mile radius of the facility. An “all clear” notice shall be sounded to indicate individuals may return to the playing fields.

## **FACILITY COMMUNICATIONS POLICY**

In addition to any club-wide, social media or other communication by Oklahoma Energy FC, Edmond Soccer Club, and/or North Oklahoma City Football Club regarding the closure of the facility, severe weather information, suspension, postponement or cancellation of activities or institution of any emergency action plan; all coaches, Team Managers and other individuals responsible for disseminating information to participants in the programs of Oklahoma Energy FC, shall make a concerted effort to relay the contents of the communication of the club to all players, as well as their parents. Coaches and Team Managers receiving communications regarding any of the above-mentioned topics shall communicate the same to the team they coach or manage via the platform used by the team for team-related communications.

## **INSPECTION OF GOALS AND PLAYING FIELD**

Prior to any competition, coaches shall inspect all goals to insure (i) any open hooks used to attach nets have been removed, (ii) there are no rusted or weak areas on the posts or crossbar, (iii) there are no jagged or sharp points or edges on any post, (iv) each goal has a goal safety sticker attached. Additionally, prior to any competition, coaches shall inspect the playing field to insure (i) any sprinkler head or buried water line is safely covered, and (ii) all fixed objects such as bleachers, benches, trash cans or portable toilets are a safe distance from the playing field and are properly maintained. Coaches shall have the same responsibilities prior to any training session. All soccer goals in use shall be properly secured and anchored at all times so they will not fall over when excessive weight is applied to the crossbar. All goals not presently in use shall be stored safely and in such a manner that they cannot be moved, tipped over or pose any immediate danger.

## **FACILITY AND FIELD ASSIGNMENT POLICY**

The Oklahoma Energy FC Administrator and Coaches should work with the Facility Director for both Edmond Soccer Club and North Oklahoma City Soccer Club, in coordination with the Referee Coordinator, for facility and field assignments for all club-sponsored activities, including training sessions.

## **TRAINING FACILITIES**

Oklahoma Energy FC is dedicated to providing quality facilities for the participants of its programs. Facilities provided by Edmond Soccer Club and North Oklahoma City Soccer Club are considered the home complexes of Oklahoma Energy FC for both training and games. The following policies have been established as part of that commitment.

### ***Field Usage Fee***

Each team may be charged a "Field Usage Fee" to offset the cost associated with the operation, maintenance, or rental of fields for training purposes. The fee shall be assessed bi-annually, prior to the beginning of the season and again mid-season. The fee shall be a Flat Fee determined by ESC, NOKC, and OEFC collectively. Player contributions to the fee are calculated on a per-player basis; however, payment shall be rendered on a team basis. Team Treasurers shall be provided the amount due and shall be responsible for collecting and paying the fee in a timely manner.

### ***Facility & Equipment Fee***

Oklahoma Energy FC pays a "Facility and Equipment Fee" to both Edmond Soccer Club and North Oklahoma City Soccer Club to offset the cost associated with equipment used

for training or gameplay purposes, as well as capital improvements intended to improve the facilities utilized by the participants in the programs provided by the club. The fee is provided out of the Oklahoma Energy FC general budget.

Each player within a team shall have a distinct jersey number. Age Group numbering is not required in OEFC.

#### ***Alteration of Uniform.***

Players Kits shall only have the Oklahoma Energy FC Soccer logo and branding, player number, or other additions as designated by the club. Players are not permitted to modify, decorate, or otherwise personalize any item of their Player Kit. Additionally, teams shall not be permitted to produce team-specific apparel, without permission of the club. Any uniform with unapproved alterations shall be replaced at the cost of the individual, prior to the individual being allowed to participate in club-sponsored activities.

**Permitted Undergarment.**

Any compression, insulated, or other type of undergarment worn beneath the jersey of a uniform must match the primary color of the jersey worn over the top of the undergarment. Any compression, insulated, or other type of undergarment worn beneath the shorts of a uniform must match the primary color of the shorts worn over the top of the undergarment.

**TEAM FORMATION**

It is the desire of Oklahoma Energy FC to place participants of its programs in the most developmentally appropriate level of play available in order to maximize the growth of the participant. New players to Oklahoma Energy FC are evaluated within the tryout event as well as an optional Training Camps.

***Returning Players***

Players returning to participate in the Program shall be evaluated and placed at the appropriate level of play based on the technical, tactical, and physical skill development displayed throughout the prior season and Tryouts. The following shall be used to assist in the assessment and placement of returning players:

**Training Sessions.**

Players shall be informally evaluated throughout the season to gauge the technical, tactical and physical skill development of the player.

**Games.**

Participation in games, both league and tournament, shall be part of the informal evaluation process taking place throughout the season. League and tournament play shall assist in evaluating players on a local, state, regional, and national context.

**Guest Training and Playing.**

Throughout the season, players will be asked to train or play with a team other than their assigned team for the purpose of evaluating the progress of a player. Coaches are encouraged by the Director(s) of Coaching to host different guest players each week to provide the Coaches opportunities to evaluate players outside of their team that may be better suited to within their team's development level and to provide players with exposure to different coaches and different coaching styles.

### **Player Evaluation and Development Meetings.**

For players U11-U14, Coaches shall provide a written evaluation and plan of development periodically throughout the season. Evaluations shall occur mid-season and post season which are intended to provide the player with an assessment of their progress to-date, as well as a development plan focused on the future growth of the player. Players U15-U19 may request up to two (2) evaluations and development plans a year as well. Any meeting are subject to the one-on-one policies in this document.

### ***Prospective Player Tryouts***

The purpose of tryouts shall be to evaluate all players entering the Program, including any prospective participant from outside the club. The Coaches, the Director(s) of Coaching, the Technical Director, and other Oklahoma Energy FC staff members shall evaluate specific qualities in each participant to ensure they are placed at the appropriate level of play. Upon completion of tryouts, any individual wishing to participate in the Program shall be placed at the appropriate level of play, subject to the *Failure to Place Policy* of Oklahoma Energy FC.

### ***Failure to Place Policy***

Registration of a participant for the Program does not in itself guarantee placement in the program. Oklahoma Energy FC shall make every effort to place players on teams within the Program; however, there are certain situations in which a player may not be placed on a team, such as late registration or inability to form enough teams within an age group to accommodate all registered players. Any Registration Funds paid by players who are not placed on a team will be refunded.

## **TEAM OFFICIALS**

While OEFC Coaches have the ultimate responsibility of all factors within their teams, Oklahoma Energy FC Team Official members are paramount to the success of the club and team. Members of Team Officials handle the financial, administrative, and organizational needs of each team. The coach, together with the input of the Director(s) of Coaching and Administrator, shall be responsible for selecting Team Official members. Each of the following Team Official positions may be occupied by separate individuals given the scope of tasks performed by Team Official is often too broad for a single individual to perform.

### ***Team Manager***

The Oklahoma Energy FC Program Team Managers shall act as the primary administrator and communicator for the team. Ultimately, the responsibilities of the Team Manager are agreed upon between the Manager and the Coach of the Team. As a standard, the Team Manager shall act as a necessary point of contact between coaches and parents, and between parents and the Club. The Team Manager may have multiple responsibilities, which may include communicating training sessions and game schedules, confirming registration, assembling Player ID Cards and official team rosters, reporting game results, planning team activities, league and tournament registration, organizing and overseeing fundraising activities, coordinating efforts of Team Officials, and assisting coaches in any way needed to support the team.

Oklahoma Energy FC encourages the Team Managers to be familiar with the policies, procedures, rules, and regulations of the club, as well as the rules of the game for the age division in which the team is competing, so they may provide explanation of the same to any interested parent.

It is important to note that Team Manager are not to serve in place of the Coach in the leadership of the team, overall direction of the team and players, nor responsible for conflict resolution.

The Club Administrator is responsible for the Team Manager and any training they should need. Team Managers should go to the Club Administrator with any questions, concerns, or feedback they may have about the operation of the Club or Team they are responsible for.

#### ***Team Treasurer***

The Oklahoma Energy FC Program Team Treasurers are responsible for managing the budget and finances of the team. The Team Treasurer shall work directly with the Team Manager and Coach to establish an annual budget, determine team-specific expenses incurred throughout the course of the season, collect any fees or other monies due from players, maintain and reconcile the team bank account, make deposits and withdrawals from the bank account as needed, provide financial reports as requested and make payments on behalf of the team or players as required. Additionally, the Team Treasurer is responsible for submitting the end of season Account Summary to the Club Treasurer.

Player Dues are collected by the Club directly, so traditionally, the only finances that the Team Treasurers will handle are “Team Fees” or those fees collected for as a team from each player.

#### ***Team Travel Coordinator***

If not performed by the Team Manager, an Oklahoma Energy FC Program Team Travel Coordinators may be chosen for making travel arrangements for the coach, players, and parents of the team. ## **ROSTERING POLICIES**

### ***Playing Up Policy***

Oklahoma Energy FC requires players participating in its Program to register within the appropriate age group based on their date of birth; however, an exception may be made for those players demonstrating a unique level of talent. No player shall play up without the evaluation and

recommendation of the Director of Coaching and approval by the coach of the team for which the player would play on in the older age group. Prior to making any such recommendation, consideration shall be given to the following factors:

- Talent.
- Individual development
- Maturity of player
- Age and/or grade of player
- Effect on roster sizes
- Impact of the player playing up on the older team

Circumstances where a player is allowed to play up more than two (2) years above their age group should be discouraged and highly scrutinized by the Director of Coaching before approving. Furthermore, if a player is given the opportunity to play up, then the above factors shall be reconsidered annually.

### ***Rostering Up Policy***

If an opportunity does not exist for a player to participate on an age-appropriate team due to roster size, then a player may be provided the opportunity to roster with a team in an older age group to provide the player with a chance to participate in the Program regardless of the determining factors outlined in the *Playing Up Policy*; however, any such opportunity must be approved by the Director of Coaching.

### ***Interclub Dual-Rostered Player Policy***

Some players may be asked to “dual roster” between Associations (ie. USYS and US Club) to allow Intraclub Guest Play/Club Pass Play between Intraclub teams in different League Associations. This is allowed and a dual rostering fee may be required.

### ***Guest Play Policy***

#### **Intraclub Guest Play/Club Pass Play.**

Guest playing is when a registered player is temporarily rostered with a team other than their assigned team for a Tournament game. Club Pass Playing is when a registered player is temporarily rostered with an OEFC team other than their assigned team for a League game.

Guest playing/Club Pass playing of players is permitted for the purpose of filling a shortage of available players from an existing roster or for the purpose of player development, evaluation, and identification. Under no circumstances should a player be asked to Club Pass Play in a league game for the purpose of “winning” and gaining a technical or tactical advantage that would not normally be present on the team.

The following guidelines shall be followed, in conjunction with league/tournament rules, when selecting a guest player from within the club:

1. Intraclub players within the same age group from a “lower seeded” team, who would be considered an appropriate selection, shall be given priority.
2. A coach wishing to add a player for intraclub guest play must contact the coach of the player prior

to contacting the player regarding the opportunity. If coaches agree to the participation of the player as a “Guest Player/Club Pass Player”.

3. Players chosen to participate in intraclub guest play are required to attend all activities of the team in which they are primarily rostered for the season, unless they are excused from such activities by the coach of the team in which they are rostered for the season.

4. Any conflict that may arise as a result of either requests for intraclub guest play/club pass play or interclub guest play, including without limitation, selection, availability or scheduling, shall be resolved by the respective coaches. If no resolution can be reached, then the decision will be left to Technical Director and Director of Coaching.

#### **Interclub Guest Play.**

Guest playing, or temporary rostering, of players not registered in the Program of the club is permitted for Tournaments only; however, unless otherwise approved by the Technical Director or Director of Coaching, priority shall be given to intraclub “guest players” from the same age group. A coach wishing to add a player for interclub guest play must be granted approval by the Technical Director or Director of Coaching prior to contacting the player. Preferably, a guest player should be utilized to fill a shortage of available players from an existing roster.

#### **Financial Requirement for Intraclub and Interclub Guest Play.**

Any individual participating as a “guest player” in an activity in which an additional cost is incurred by the team on which the guest player is temporarily rostered, shall share equally in any such cost incurred by the team.

#### **Interclub Guest Play for Oklahoma Energy FC Players.**

A player registered in the Program of Oklahoma Energy FC may not participate as a “guest player” for a team outside of the club without the approval of their coach. Players are expected to give priority to the activities of their Oklahoma Energy FC team over the activities of the team on which they will be guest playing, including without limitation, training sessions, games, and other team activities. Prior to granting permission to guest play, consideration shall be given to the current training and playing schedule of the player, specifically as it relates to the health and safety of the player. Under no circumstance shall an Oklahoma Energy FC player participate in an event or other activity in which their Oklahoma Energy FC team is participating. This policy does not apply to players wishing to participate on secondary school teams.

#### ***Player Roster Movement Policy***

Oklahoma Energy FC believes player roster movement is a necessary part of player development and is encouraged as a tool to maximize the potential of players participating in the Program when appropriate. The club is committed to ensuring players are adequately challenged in the proper environment and participating at an appropriate level in order to maximize their potential and performance. Player roster movement may be fluid throughout the season and shall occur at the discretion of the Coaches, Technical Director, and/or Director of Coaching.

## **PLAYER POLICIES**

### ***Playing Time Policy***

Oklahoma Energy FC believes in-game competition plays a major role in the development of its players. Training sessions are utilized to simulate in-game competition, but actual playing conditions of a game cannot truly be replicated. Limited opportunities to participate in games may eventually inhibit the ability of a player to develop the necessary technical and tactical skills required to compete at the next level. Players participating in the Program are not guaranteed equal playing time; however, they are guaranteed meaningful playing time, which may vary from division-to-division, player-to-player or game-to-game. Oklahoma Energy FC expects coaches to consider the development of both the player and team when determining playing time. The following guidelines have been established to assist coaches in determining playing time.

#### **U11 and U12 Participation Guidelines.**

Players participating in the U11 and U12 age divisions of the Program shall play, at a minimum, approximately one-third (1/3) to one-half (1/2) of each competition.

#### **U13 and U14 Participation Guidelines.**

Players participating in the U13 and U14 age divisions of the Competitive Program shall play, at a minimum, approximately one-fourth (1/4) to one-third (1/3) of each competition.

#### **U15 and Older Participation Guidelines.**

Players participating in the U15 and older age divisions shall have no expectation of a minimum amount of playing time; however, at the discretion of the coach, players should expect to receive playing time throughout the course of each competition.

#### **Reduction in Playing Time Guideline.**

Coaches, at their discretion, may reduce playing time for any player due to one, or more, of the following:

- Poor effort, attitude, or behavior.
- Poor attendance or punctuality at training sessions, games, or other club-sponsored activities.
- Inadequate fitness level, including injury.
- Unwillingness or inability to work together with teammates.
- For ages U13 and older, a lack of technical or tactical ability.

Any decision to reduce playing time, as well as a verbal plan for improvement to reclaim the lost playing time, shall be communicated by the coach to both the player and parent of the player. Players with questions regarding playing time may discuss the same directly with the coach at a time deemed appropriate by the coach. Parents with questions regarding playing time shall follow the *Club Communication Policy*.

### ***Player Attendance Policy***

Players are expected to regularly attend, and be on time to, club-sponsored activities, including without limitation training sessions, games, events, and other team obligations considered mandatory by the coach; however, Oklahoma Energy FC acknowledges that certain circumstances may arise which prevent a player from attending or arriving on time to these activities. In such instances, players are required to notify the Coach or Team Manager of the absence or delay as far in advance as possible. Poor attendance or punctuality may result in reduced playing time. Prior to reducing playing time, the Coach

shall consider the age of the player, as well as any other extenuating circumstances which may have resulted in poor attendance or punctuality.

***Multi-Sport Participation Policy***

Oklahoma Energy FC encourages the participants in its programs to participate in multiple sports. It is the policy of the club to be as flexible as possible with players participating in multiple sports. The club shall make a concerted effort to work with other local youth sports organizations to assist in avoiding scheduling conflicts of major club-sponsored events with events hosted by other local youth sports organizations. Players are required to notify the Coach or Team Manager, as far in advance as possible, of any absence or delay resulting from the participation of a player in another sport. Oklahoma Energy FC shall not penalize any player for playing multiple sports.

***Player Position Policy***

Players are expected to play the position chosen for them by the coach; however, to further assist players in reaching maximum potential, Oklahoma Energy FC encourages coaches to rotate players in the U11 and U12 age divisions into various positions throughout training sessions, games, and tournaments. The club also encourages coaches to rotate players in the U13 and U14 age divisions into various positions throughout training sessions so players may better understand the responsibilities of each position on the field. The manner in which the coach rotates players may differ from division to division, game to game or training session to training session. Player rotation shall occur over the course of the season and not necessarily over the course of a single training session, game, or tournament.

***Player Appearance Policy***

Oklahoma Energy FC is a professional organization and players are expected to dress appropriately and according to the following guidelines. Under no circumstance shall players be allowed to dress in the apparel of another youth soccer organization while attending club-sponsored activities of any type.

***Player Release Policy***

Upon placement and registration in the Program of Oklahoma Energy FC, a player is considered to have committed to a team within the club and is obligated financially to the club for the entire season, which shall run from August 1st of the current year to July 31st of the following year. Oklahoma Energy FC shall not consider a request for a player release from the Competitive Program at any point during the season, unless the annual financial obligation of the player has been met in its entirety and permission has been given by the Coach, the Director of Coaching, and Administrator. In certain circumstances, a player may also be asked to pay coach expenses, fees or other costs for committed events, estimated or actual, that are shared with the team prior to being granted a release from the club. Released players may receive a prorated refund of dues that were prepaid for the year or quarter. Dues and fees will not be refunded once the month upon which they were applied has begun.

**FINANCIAL POLICIES**

***PROGRAMMING FEE SCHEDULE***

See Programming Fee Schedule located on the Oklahoma Energy FC website at [www.okenergyfc.org](http://www.okenergyfc.org) under Resources - Player Resources.

***Program Annual Registration Policy***

Oklahoma Energy FC requires participants of its Program to pay an annual Registration Fee to offset the costs of the program. Registrations fees are paid up front and are non-refundable after the OSA Annual Roster Freeze date. The Registration Fee may be paid in a one payment at the time of registration or in split payments over a predetermined schedule of payments, typically due at the time of registration and on November 1<sup>st</sup> of the Seasonal year. If a player from outside of the club registers in the Program at any midpoint of the season, then the player shall be responsible for paying the registration fee at the time the player registers in the Program.

***Program Annual Dues Policy***

Oklahoma Energy FC requires participants of its Program to pay annual dues to offset the costs of the program. Dues may be paid annually, bi-annually or monthly over a predetermined schedule of payments, due on the first day of each month. If a player from outside of the club

registers in the Program at any midpoint of the season, then the player shall be responsible for paying the portion of the annual dues owed, prorated monthly to the fraction of the season remaining at the time the player registers in the Program.

### **FINANCIAL AID**

OEFC is committed to creating equitable opportunities for participation in its programs. In this spirit, OEFC offers financial aid where there is a need.

This aid will cover up to 100% of the General Membership player dues for the seasonal year only. The player will be responsible for any dues above the amount covered by the financial aid, any team fees, and Uniform Fees. Payment plans are available within the Registration process for the player's portion of dues costs.

Requests for financial aid should be made by completing the Oklahoma Energy FC Financial Aid Form in writing, with supporting documentation attached and mailed to the address included in the form. All financial aid requests shall be handled discreetly and only Operational Committee Members shall be aware of the requests.

### ***ALL DECISIONS MADE BY THE OPERATIONAL COMMITTEE ARE FINAL.***

Until financial aid is approved and all fees that a player is responsible for are paid, a player will NOT be considered as registered and will not be placed on a team, and will not receive a player card; therefore the player cannot participate on any Oklahoma Energy FC team. If a financial aid athlete's attendance for practices, games and tournaments falls below 75%, they are not eligible for financial aid the following year. The board in its sole discretion may waive this requirement.

Financial aid recipients are expected to participate in all club fundraising opportunities and Players/parents are expected to volunteer a required number of hours at Oklahoma Energy FC events.

### ***Outstanding Dues or Fees***

Any player participating in the Competitive Program may be suspended from all club-sponsored activities and may not be allowed to participate in training sessions, games, or other activities if an annual, bi-annual or monthly payment of dues or team fees is more than thirty (30) days past due.

### ***Team Fees Policy***

Throughout the seasonal year, teams may participate in events in which the team may incur fees shared across all players on the team. These fees are to be split evenly across all members of the team, as reflected on the team's official roster. Lack of participation in these events does not preclude a player from paying their share of the relevant team expenses.

### ***Coaching Expenses***

Certain expenses, incurred by a coach, related to the cost of travel outside of the Greater Oklahoma City Metropolitan Area for any game, tournament, event, or other club-related team activity shall be the responsibility of the team or teams for which the coach is traveling. Oklahoma Energy FC encourages teams to calculate and pay the expenses expected to be incurred by the coach prior to travel. If the

coach is traveling for more than one team, then all teams for which the coach is traveling shall share in the expenses of the coach proportionately. To avoid placing an unreasonable or excessive financial burden on the team, Oklahoma Energy FC has established the following Coach Expense Reimbursement Guidelines.

**Lodging Expense.**

Each team shall be responsible for its proportionate share of any lodging for activities requiring an overnight stay by a coach. Such rooms shall be limited to a standard king or double queen room. If possible, Team Travel Coordinators and Team Managers shall try to secure a complimentary or discounted room for the coach.

**Meals and Incidental Expenses.**

Each team shall be responsible for its proportionate share of a per diem rate owed to each coach for meals and incidental expenses. The per diem rate for meals and incidental expenses shall be based on gsa.gov recommended daily rates found at <https://www.gsa.gov/travel/plan-book/per-diem-rates/per-diem-rates-lookup>

However, if a coach does not begin travel to the destination prior to 1:00PM, then the per diem rate for meals and incidental expenses for the day shall be 75% the recommended rate. Similarly, if a coach arrives home from the destination prior to 1:00PM, then the per diem rate for meals and incidental expenses for the day shall be 75% the recommended rate.

**Automobile Expense.**

Each team shall be responsible for its proportionate share of a mileage per diem rate owed to each coach to cover the cost of operating their personal automobile for the purpose of travel outside of the Greater Oklahoma City Metropolitan Area if used by the coach. The per mile cost of operating the automobile shall be based on the annual Standard Mileage Rate as established by the Internal Revenue Service each calendar year. As applicable, distances shall be calculated using the home address of the Coach or facility address of NOKC or ESC, whichever address is closest to the destination, the facility address at which the activity is scheduled, address of the location at which the coach is lodging and/or the address of any other relevant and reasonable destination. If travel requires the rental of an automobile, then each team shall be responsible for its proportionate share of the rental fee, fuel fee, and toll fee, equal to the cost of a standard-size automobile; however, a team or teams shall not be subject to any mileage per diem rate for any travel in a rented automobile outside of fuel charges.

The preceding are guidelines and shall be treated as such, implying any or all of them may need to be adapted based on a specific situation or circumstance; however, in general, no team shall incur expenses that greatly exceed the guidelines. Additionally, Oklahoma Energy FC encourages its coaches to assist in alleviating some of the financial burden associated with expense reimbursement related to travel by working with other coaches to share transportation and lodging, if necessary.

***Team Accounting Policy***

Each team formed as part of the Program is required to maintain a team bank account at the bank of Oklahoma Energy FC's discretion unless otherwise stated by the Operational Committee. The Team Treasurer, Team Manager and/or Team Travel Coordinator shall be listed as authorized signers on the

Subaccounts for unrestricted, restricted and player funds shall be maintained as part of the larger account and other such subaccounts may be established as needed; however, each team shall maintain only a single checking account. A Debit Card should be acquired by the team for the purpose of team expenses and event registration. Visibility of the balance and statements for any account must be given to the Oklahoma Energy FC Club Treasurer.

**Account Name.**

The account name to be printed on checks shall be consistent with the *Naming Standard Policy* for competitive teams. Accounts shall be named with an abbreviated form of Oklahoma Energy FC, "OK Energy FC", followed by the birth year, gender and team designation (Ex: OK Energy FC 2010 Boys Black).

**Statement of Player Account.**

Oklahoma Energy FC encourages the Team Treasurer to provide a monthly Statement of Player Account for each player, but requires the Team Treasurer to provide a Statement of Player Account for each player no less than bi-annually, on December 1 and June 1, or as requested.

**Delinquent Payments to the Team.**

From time to time, a player may become delinquent on payments due to the Team Treasurer; however, the Team Treasurer is not expected to act as a collection agency on behalf of the team. Instead, if a player is delinquent on payments due to the Team Treasurer and reasonable efforts to collect such payments have been unsuccessful, then the Coach shall assist the Team Treasurer in the collection effort. In an effort to collect the delinquent payments, the club may impose penalties on the player, including without limitation, suspension from training sessions, games or other club-sponsored activities until the account in question has been returned to good standing. Any Team Treasurer seeking assistance from the club in these matters shall contact the Club Treasurer.

**Delinquent Payments to the Club.**

The Team Treasurer is responsible for making timely payments to Oklahoma Energy FC for any cost or fee, including without limitation field usage fees or League Fees, which may be billed to a team. **Player Account Refund.**

If a player departs the club, regardless of circumstance, at the request of the player a refund of the funds in the player account shall be given to the player, only if the player is in good standing with both the team and club; however, any portion of the player account attributable to fundraising efforts relating exclusively to Oklahoma Energy FC sponsored activities or team registered events, such as Tournaments or Showcases, shall not be refunded and shall instead be credited accordingly to the team account. If any outstanding amount is owed by the player to either the club or team, then the player shall not be given a refund until the remaining balance of the account is first applied toward payment of any outstanding club dues or fees and then toward payment of any outstanding amount owed to the team. Any funds remaining in a player account thirty (30) or more days after a player departs the club shall be first applied toward payment of any outstanding club dues or fees and then toward payment of any outstanding amount owed to the team, with any remaining amount being credited to the team account.

**Final Accounting.**

Upon completion of the season, the Team Treasurer shall prepare a final accounting for the team, collect any amounts due, pay any outstanding balances, and provide each player a final Statement

of Player Account. Upon completion of those items, the Team Treasurer shall close out the records for the current season and create a new record for the upcoming season. After closing out the records for the current season, the Team Treasurer shall forward the Account Summary for the prior season to the Club Treasurer. If the individual currently serving as Team Treasurer will not be returning to the same role the following season, then the team bank account shall be transferred to the individual designated as Team Treasurer for the following season. Any funds remaining in the team account shall be carried forward to the new record. Any funds remaining in a player account shall be carried forward to the new record, subject to the *Player Movement* and *Player Account Refund* standards.

***Private Training Policy for Coaches***

Oklahoma Energy FC allows for Coaches to schedule Private Training with players from within the program, arranged outside of normal practice and game times for the player and coach. The fees for the private training are set by the Coach and charged outside of the fees within the Oklahoma Energy FC Fees Schedule. **A Coach may not lead or participate in a private training with a player from a team that they are currently assigned to but may recommend another coach that is not part of the player's current team.**
