

Pre-OEFC Team Guidelines

In Partnership with NOKC and ESC Academy Programs, OEFC has a special Pre-OEFC Team Registration so that Academy teams can play in Competitive Leagues. There are unique rules and processes for this that Coaches/Managers should be aware of.

- Academy Soccer is considered Recreational at a program level. Recreational Players may not play in Competitive events and vice versa. To play in OSA and US Club leagues, they must be registered through OEFC.
- Academy Teams must have approval from their Academy Directors before applying for Pre-OEFC Competitions
- OEFC will create a new team account in our Gotsport system for each Academy team with permission. The team will be titled as follows: OEFC-(ESC/NOKC) 20xx (Boys/Girls) (Color)
- Each Players must register with OEFC to play in competitive level leagues.
 - o A unique Pre-OEFC registration event link will be sent to any Academy teams looking to play in Competitive leagues.
- Managers will use their Academy Roster for Academy games and their OEFC roster for Competitive games.
- Pre-OEFC Teams will be registered with OSA/USClub as U11 so they can have a roster max of 14.
 - o They will be allowed a maximum of 3 CPPs per game
 - o They will be allowed to CPP other OEFC Players in the U11 age group that are registered in the same affiliation
 - o OEFC Admins will be the only staff authorized to add CPPs to the rosters throughout the season
- A program may roster up to 5 U9 players per gender in OPL.
 - o If they do so, the team will need to be registered as U10 and will be limited to 12 players per roster.

Costs per Player to Register Pre-OEFC is \$30.00.

Please reach out to Brian Gordon (admin@okenergyfc.org , 405-818-1411) to get the registration link or with any questions.

Please review our Policies and Procedures posted on our website for details about OEFC Processes.
