

PARENT EDUCATION & SUPPORT

WHY PARENT EDUCATION MATTERS

Youth soccer is about more than competition. It is about confidence, resilience, enjoyment, and growth — both on and off the field.

OEFC aligns with **Soccer Parenting-based principles** to help parents better understand how their support, communication, and behavior directly impact the player experience.

OUR PHILOSOPHY FOR OEFC FAMILIES

We ask OEFC parents to partner with us in creating an environment that prioritizes:

- Player development over short-term results
- Positive and respectful sideline behavior
- Encouragement of effort, learning, and growth
- Clear, respectful communication with coaches
- A healthy love of the game at every age

Parents are a critical part of the team, and your role matters.

PARENT RESOURCES & SUPPORT

OEFC encourages families to explore trusted parent education resources that provide:

- Guidance on game-day and sideline behavior
- Tools to support confidence and emotional growth
- Insight into age-appropriate player development
- Advice from experienced coaches and educators
- Strategies to support players without added pressure
